Who Must Submit

All natural gas marketers with residential and/or commercial customers in the States of Georgia, Maryland, New York, Ohio, and Pennsylvania. These States have been selected based on the percentage of natural gas sold by marketers in the residential and commercial end use sectors.

Purpose

The purpose of this survey is to collect information on natural gas sales from marketers in selected States that have active customer choice programs. We are asking for information on the volume and revenue for natural gas commodity sales, and any receipts for distribution charges and taxes associated with the sale of natural gas.

Reporting Requirement: The timely submission of Form EIA-910 by a firm required to report is mandatory under Section 13(b) of the Federal Energy Administration Act of 1974 (FEA Act) (Public Law 93-275), as amended. Respondents are not required to file or reply to any Federal collection of information unless it has a valid OMB control number.

Reporting Burden: Public reporting burden for this collection of information is estimated to average 2 hours per response. Send comments regarding this burden estimation or any other aspect of this collection of information to: Energy Information Administration, Statistics and Methods Group, EI-70, 1000 Independence Avenue, SW, Washington, DC 20585, and to the Office of Information and Regulatory Affairs, Office of Management and Budget, Washington, DC 20503.

Confidentiality Provisions: The Office of Legal Counsel of the Department of Justice concluded on March 20, 1991, that the Federal Energy Administration Act requires the Energy Information Administration to provide company-specific data to the Department of Justice, or to any other Federal agency when requested for official use, which may include enforcement of Federal law. The information contained on this form may also be made available, upon request, to another component of the Department of Energy (DOE); to any Committee of Congress, the General Accounting Office, or other Congressional agencies authorized by law to receive such information. A court of competent jurisdiction may obtain this information in response to an order.

The information contained on this form will be kept confidential and not disclosed to the public to the extent that it satisfies the criteria for exemption in the Freedom of Information Act (FOIA), 5 U.S.C. §552, the DOE regulations 10 C.F.R. §1004.11, implementing the FOIA, and the Trade Secrets Act, 18 U.S.C. §1905.

Upon receipt of a request for this information under the FOIA, the DOE shall make a final determination whether the information is exempt from disclosure in accordance with the procedures and criteria provided in the regulations. To assist us in this determination, respondents should demonstrate to the DOE that, for example, their information contains trade secrets or commercial or financial information whose release would be likely to cause substantial harm to their company's competitive position. A letter accompanying the submission that explains (on an element-by-element basis) the reasons why the information would be likely to cause the respondent substantial competitive harm if released to the public would aid in this determination. A new justification does not need to be provided each time information is submitted on the form, if the company has previously submitted a justification for that information and the justification has not changed.
